

Works Notice | From 14 October 2024 Roadworks along Barber Avenue

From 14 October, there will be changes to Barber Avenue access and parking to undertake important roadworks.

During the next few months, there will be changes to vehicle and pedestrian access along Barber Avenue to facilitate roadworks. This will include the temporary closure of some sections of two-hour parking on Barber Avenue.

Pedestrian crossings, construction barricades, traffic controllers and signage will be installed for the duration of the works to maintain safe access for pedestrians and vehicles and the roadworks will be staged to minimise any impacts.

Pedestrian and vehicle access to the Nepean Private Hospital, Tresillian and Somerset Childcare Centre will be maintained during the roadworks.

The P1 and Nepean Hospital Private car parks will be the best parking options during this time. Patients, visitors and staff who use the P1 car park can access the Nepean Private Hospital and Nepean Hospital from Level 2.

Key impacts:

- There will be changes to traffic and pedestrian conditions on Barber Ave for several months.
- Sections of car parking on Barber Ave will be temporarily closed at various stages during the roadworks.
- Access will be maintained with traffic controllers, pedestrian crossings and signage.

Key:

	Pedestrian crossing
	Barber Avenue roadworks
