- Individuals or classroom groups are invited to construct a model replica of the new Nepean Hospital building using any arts and craft materials or building brick (Examples of materials include cardboard, paddle pop sticks, paper mâché or Lego bricks).

- The model must be based on the artist impression of the building provided on the following page.
- The model can be no larger than 40cm high and 60cm wide.
- Once the replica is complete, please submit the entry form on the following page. Save the completed entry form as a PDF and then email it along with a photo of your replica model.
